ABOUT THE AUTHOR

*For almost 30 years, Cie Simurro * Thunderbird Starwoman has been a Metaphysician, Shamanic Lightwork healer, and writer. Her goal is to facilitate change in the way people relate to the animal, plant, and mineral kingdoms, by sharing ancient Earth wisdom that heals ourselves, each other, and the planet. Cie writes stories and articles showing how we can create a mutually supportive environment where all life forms share a lasting physical and spiritual future on Mother Earth. Cie conducts spiritual development training in Shamanic practice, Lightwork, and Earth Stewardship. All her life, Cie has had a powerful connection with animals and other Totems. She combines her healing work with animals, wilderness training, and compassion for all life to offer workshops that help people become more interactive with Nature and learn about Totems.*

If you would like to communicate with the author, arrange a private healing session for yourself or your animal, receive a brochure about her work, obtain a calendar of her workshops and trainings, or to invite her to do a workshop or training in your area, contact her in the following ways:
